

APPENDIX 2

**REQUEST FOR BOARD ACTION**

**Title of Action Document:**

**Complete Review By:**

Board Approval of Redaction for 2017-300-075 Notational Vote Package.

**Brief Description of Purpose:**

Pursuant to OP-11.1-2, OGC reviews notational vote packages for information that must or may be redacted prior to the vote package being made publicly available. With respect to information from the staff that is deliberative, the OP specifically provides:

In the case of all other material proposed for redaction, the General Counsel shall request Board approval via a Request for Board Action (RFBA). The proposed redaction and the reason for it shall be provided with the RFBA as background material. The General Counsel or designee shall make all redactions once approved by the Board.

The highlighted portion of the attached notational vote package meets the triggering criteria in the OP because it contains staff advice protectable under the deliberative process privilege held by the Board. Therefore, the General Counsel is providing this redaction to the Board for its consideration. If the Board declines to make the marked redaction, it will be waiving its deliberative process privilege with respect to the staff input. If the Board approves the redaction, then the vote package will be posted to the public website with the marked information redacted.

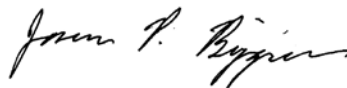

**Relevant Background Information Attached (initial):**

**Summarize any staff difference of opinion regarding the proposed action:** None

**Summarize any time sensitive considerations:** The Chairman has directed a one day turnaround for posting notational vote packages online. OGC will endeavor to clear the vote package for public posting within one day of the Board decision on this RFBA.

The requestor seeks to have the staff conduct a 'Pantex deep dive' focusing on staff reviews conducted to date. The Board has never defined 'deep dive' nor provided any specific guidance as to how the staff is to conduct one. Last year a series of 'deep dives' was conducted, and I presume the guidance on how to perform those deep dives came from within the agency's executive management. I found the resources expended to be significant and not justified by the limited benefits gained in the deep dives.

This year, a new series of deep dives was proposed. One was conducted, and in the run-up to that event different Board Members expressed different expectations as to the proper execution of a deep dive. When it became clear that the staff needed guidance, I gave guidance.

If the instant request is approved, and in the absence of any further guidance from the Board, a Pantex deep dive will present the results of reviews conducted by the staff in the past year at Pantex. For the most part, the information to be presented will be a repeat of information already briefed to the Board.

- I acknowledge the staff feedback that they believe later is better. However, I do not understand the significant prep time being invested and why. The Board should be able to request at anytime a status on the staff views, and conclusions, and concerns based on staff activities to date. I have expressed my view previously to all Board Members that the staff time investment required to Brief the Board ~~should~~ should be clarified.

**While I appreciate that the staff would have additional information at a later date, the request is to provide information about the situation as it currently stands at Pantex.**

**Additionally, the staff itself proposed the August date in April, and this simply reinstates that date.**
