Washington, D.C. 20004

Dear Mr Chairman:

Consistent with the Department's implementation plan for the Defense Nuclear Facilities Safety Board (DNFSB) Recommendation 2000-2, I am forwarding the Department's *Initial Joint Review of Wildland Fire Safety at DOE Sites*. The report is the deliverable item under implementation plan commitment 12. The report is available electronically at <http://tis.eh.doe.gov/iopa/reports/emevals/emevals.html>

The *Joint Review* notes several opportunities for improvement, and the Secretary signed a letter on January 19, 2001 (enclosed) assigning responsibilities for developing actions in response to the opportunities for improvement. The *Joint Review* also makes recommendations for the forthcoming Comprehensive Fire Safety Review. The Office of Environment, Safety and Health will consider the recommendations when planning the comprehensive review.

Sincerely,

A handwritten signature in black ink that reads "Steven V. Cary".
